Minnesota Reading & Math Corps: Tutors Needed

Central Park Elementary is seeking someone who is passionate about supporting students in literacy or math

We are looking for Minnesota Reading and Math Corps tutors for the 2017-18 school year at Central Park Elementary. As a tutor, you will have the opportunity to work with students every day, during the school day and help them become successful readers or mathematicians!

Minnesota Reading and Math Corps provide comprehensive training in strategies proven to help students build reading and math skills. Tutors are paid a living allowance and are eligible for up to \$5,815 to pay tuition or repay student loans. Tutors 55 or older may gift the award to a child or grandchild. Tutors may be eligible for free health insurance and child care assistance.

Learn how you can get involved by visiting readingandmath.net. You can also help by telling a friend or family member (grandparents make great tutors, too!) about openings at our school! Positions start in August for the 2017-18 school year.

Please send questions to Samuel Lindberg, Program Manager for Minnesota Reading and Math Corps, at [612-486-2430](tel:612-486-2430) or samuel.lindberg@servetogrow.org

Camp Invention

Camp Invention is coming back to Roseville. Central Park will once again be hosting this amazing STEAM-based camp from July 31- through August 4.

The camp is currently trying to raise money for scholarships. The scholarships will go towards

Spring Fundraising Drive: Every donation makes a difference!

The Roseville Area Schools Foundation's mission is to enrich learning of all students in Roseville Area Schools by funding innovative programs in our schools. Our Spring Fundraising Drive is now underway, and we need your help! Your donations allow us to:

- Fund **teacher-initiated** grant requests – more than \$30,000 each year. Grants are traditionally given to teachers in each of the District 623 schools.
- Fund the new **"RAMS Lab,"** a creative "hands-on" learning space at Roseville Area Middle School (RAMS) that will feature innovative technologies like 3-D printers, computer programming tools, and equipment for conducting experiments. Scheduled to open in Fall 2017, teachers from a wide range of disciplines will use this space to augment their standard curriculum, meet the needs of diverse learners, and spark students' imagination.

All donations are fully tax deductible, and you will receive a letter for your files. To learn more or find ways to get involved, go to our website at:

www.rosevilleareaschoolsfoundation.org. Questions can be directed to foundation@isd623.org.
