ENGLISH LEARNER

English Learner (EL) is a program for adults seeking to improve their English language communication skills. Students work together in classroom settings. English classes are offered at many different levels. The curriculum focuses on helping learners successfully navigate systems of public schools, city, county and state governments, colleges and work culture.

We have an Adult Diploma program built into the upper levels of our EL program. Once students achieve a reading level appropriate for studying high school topics, they can join these classes. Students will gain the academic skills to complete a high school diploma, prepare for college or post-secondary training and the world of work. We also have periodic citizenship classes.

In Order to Enroll in EL

You must be 18 years or older and not attending a public high school.
