TARGETED SERVICES GRADERS 1-8

SUMMER SCHOOL
2017 PROGRAM

JUNE 19–JULY 27 MON–THU
CLOSED JULY 3–6

Targeted Services offers a year-round extended academic math and reading program for 1-8 students who have lower test scores, academic concerns, and are identified by teachers as at risk for academic success. Qualifying students are invited to attend summer school classes taught by licensed teachers, often their own classroom teacher.

A 5-week summer school program is offered which includes district transportation, breakfast and lunch. The small class sizes, of around 15 students, allow teachers to meet the individual student needs and provide intensive reinforcement of important math and reading lessons necessary for success.
